jobz

Carthage College

Media Services Technician

trained and equipped both students and faculty in video production from story concept to video editing; assisted in live events, including the Christmas program and graduation which garner about 5000 people a piece.

Milwaukee Brewers

Audio Video Crew Member

audio and video production for a Major League Baseball team's closed-circuit system and Sunday's live television broadcast; camera operation, editing, and equipment maintenance were integral to the position

IV Media

Client Services Manager

while video production — including directing, audio engineering, editing, and gaffing — were required, the majority of the job's tasks included developing brand and planning major events for top clients: including Nickelodeon, Briggs and Stratton, Kohler, Kohl's, and the Wisconsin Dells.

Calvary UMC

Director of Multimedia Ministries

develop, promote, and brand services and events for a church of over 1000 people; train and retain a volunteer base of 50 people — many of whom are new to multimedia equipment at first; create graphics and produce videos for promotion and education; foster a family environment.

Freelance

Videographer / Graphic Designer

12 years of experience in video production and graphic design on a self-employed basis for clients such as the ELCA, the United Methodist Church, Illinois Corn Marketing Board, Faith in Action and the YMCA.
